SUMMARY

Self-starter with a background in economics and hands-on experience building with Python, JavaScript, and modern web frameworks. Consistently moves into leadership roles while continuing to develop technical skills independently.

EXPERIENCE

Maven Recovery

Transportation Director

Carlsbad, CA

2024 – 2026

- Built a custom Node.js app to automate client communications and reduce manual overhead.
- Designed SOPs and training modules to standardize procedures and reduce redundancies.
- Managed scheduling, compliance, and staff accountability via custom software tooling.

Tommy Chong Cannabis

Creative Director / Digital Strategy

Detroit, MI

2022 – 2023

- Led a team of 3 designers, setting creative direction and driving collaboration.
- Defined product vision and campaign roadmap, keeping cross-team efforts aligned.
- Negotiated influencer contracts to drive brand awareness through campaign partnerships.
- Coordinated product placement with Michigan dispensaries, expanding market adoption.

Standout Solutions

Account Manager

Royal Oak, MI

2021 – 2022

- Drove outreach and relationship management across new and existing client accounts.
- Developed pitch decks and proposals for prospective client engagements.
- Managed project delivery ensuring deadlines, budgets, and communication were met.

Small Business Development Center, CSUF

Analyst

Orange County, CA

2020 – 2021

- Supported client outreach and intake across a portfolio of small business clients.
- Produced performance reports using key metrics to inform program development.
